Bob
Dear Director Neely:

On behalf of the Florida Police Chiefs Association's Professional Standards Committee and the Florida Police Chiefs STARS program, thank you for your invaluable contribution to the Future Police Chiefs Seminar recently held in Coral Springs, Florida.

We are very grateful for your financial support which makes these training seminars possible and successful. The 48 attendees represented small, medium, and large police departments. Thank you for sponsoring the Networking and Social Event at Bru's Room on Thursday, April 27th, from 6:00 – 8:00 p.m. The attendees really appreciated the opportunity to network in a more casual environment and we have no doubt they formed professional friendships that will last their entire careers.

We appreciate your continued support and we are very thankful for this partnership. We look forward to seeing you at the FPCA's 65th Annual Summer Training Conference and Exposition July 8th – 12th, 2017, at the Trump National in Doral, Florida.

Sincerely,

Amy Mercer
