RE: Mortgage on FPCA Headquarters Building

Dear ^{Bob}~~Director Neely~~:

I am proud to announce that the mortgage on our FPCA headquarters building has been paid off thanks to your generous donations, and the use of the Florida Police Chiefs Foundation and the Association cash funds on hand.

The Foundation is still relying on continued pledges to further its mission of education, training, research, support of the Florida Police Chiefs Association and funding scholarships for deserving recipients. The Association and Foundation boards have agreed that a portion of these donations will go into an ongoing maintenance fund for upkeep on the FPCA Headquarters. In addition, discussions have begun regarding the creation of a law enforcement officers' memorial at headquarters.

I want to thank you personally, on behalf of the entire FPCA membership, for your past and future contributions. It is because of your support that our Association is the premier law enforcement association in the country.

Please let me know if you wish to continue your annual commitment to the Florida Police Chiefs Education and Research Foundation.

Sincerely,

Amy Mercer
FPCA Executive Director
