To All My Fellow Colleagues and Friends in the AAF:

The receiving of the MVP for 2017 was certainly the crowning of my career. The great honor that the association bestowed on me had me completely overwhelmed and, as surprised many of you, totally speechless. My years on the Board and the State licensing committee has led to many, many friends and continued involvement in the alarm industry. Thank you again for the the wonderful honor and recognition. The AAF is truly what has made and sustains the industry for Florida contractors, suppliers and customers.
